SAN ANTONIO BOTANICAL GARDEN PRESENTS THE 3<sup>RD</sup> ANNUAL

# Bubbles & Blooms

Dear Friends near and far,

**WE'RE DELIGHTED TO CO-CHAIR THE 3<sup>RD</sup> ANNUAL BUBBLES & BLOOMS LUNCHEON FOR THE SAN ANTONIO BOTANICAL GARDEN AND INVITE YOU TO BE PART OF THIS SPECIAL EVENT.**

This celebration welcomes the season of spring and directly supports the Garden's mission of *enriching lives through plants and nature*. Our 2026 theme highlights the transformation of the **Gretchen Northrup Tropical Conservatory**, which will soon invite visitors into an even more immersive world of tropical, edible, and useful plants. As it reopens, this renewed space will create rich opportunities for people to connect with plants and more deeply appreciate how the natural world and human experience are beautifully intertwined.

We're thrilled to welcome Maxine Sharf (of @maxiskitchen on Instagram) as our featured speaker! With her upcoming cookbook *Maxi's Kitchen* and a community of more than 4 million home cooks, Maxine embodies the creativity and curiosity the Garden inspires. This same spirit is reflected throughout the Garden's 39 acres, where people participate in hands-on Culinary Programs, learn to grow their own food in the Children's Vegetable Garden, and engage with tropical plants in new and inspiring ways in the transformed Conservatory.

We hope you'll join us on **Tuesday, March 31, 2026**, in the Betty Kelso Center at the Garden. For so many of us, SABG has been a fixture in our families' lives—through early childhood adventures, celebrations, moments of learning, and quiet reflection. We know it represents a shared sense of joy, discovery, and belonging for many in our community. That's why rallying together around this fun and meaningful moment matters. Your investment and participation help ensure the Garden continues to flourish—neighbors near and far, showcasing the very best of San Antonio to all who travel to our wonderful botanical garden now and for generations to come.

With joy,

Rebecca Nathan    Angela Rabke

## TROPICAL CONSERVATORY NAMING OPPORTUNITIES

The 3<sup>rd</sup> Annual Bubbles & Blooms Luncheon supports the San Antonio Botanical Garden's mission and celebrates the transformation of the Gretchen Northrup Tropical Conservatory. Explore opportunities to support this capital project and name one of the prominent new fixtures of this iconic space. Your investment will pave the way for future generations to connect with plants and nature.

### ***Name the Tropical Trellis*** | \$150,000

This living structure will form a lush, plant-draped gateway that draws guests into the tropical experience from the moment they enter the room.

### ***Name the Tamarind Tree*** | \$250,000

As the Conservatory's living centerpiece, the Tamarind Tree stands as a powerful symbol of community gathering—embodying the resilience, nourishment, and cultural richness that have connected people across tropical regions for generations.

### ***Name the Tropical Walkway*** | \$500,000

An elevated walkway guiding visitors throughout the Tropical Conservatory for a more immersive, more physically accessible experience, bringing people closer to the plants and stories within.

### ***Name the Tropical Oasis*** | \$750,000

An elegant, flowing water feature that brings serenity, movement, and reflection into the lush tropical setting—enhancing beauty and encouraging moments of learning, pause, and connection.

Additional naming opportunities are available.

To explore possibilities or secure your naming opportunity, please contact the SABG Development Team at [blooms@sabot.org](mailto:blooms@sabot.org).
